A Joint Statement From The Oaks Christian School Board of Directors and Dr. Graham Walker

The OCS Board recently announced the departure of Dr. Graham Walker from his position as Headmaster of OCS. The Board appreciates Dr. Walker's commitment to Christian college preparatory education of the highest caliber, and he is not leaving on account of any moral or fiscal wrongdoing. Rather, the Board concluded that Dr. Walker was not the best fit with the culture of OCS. For his part, Dr. Walker recognizes that Christians who are committed to common goals may sometimes disagree about the best means to reach those ends, and acknowledges that the Board is seeking to do what it thinks is best for the school.

Both Dr. Walker and the Board give thanks to God for the good things that have been achieved over the years at Oaks Christian School and pray for the school's continued success.
